APPLICATION FOR A NURSERY DEALER LICENSE

A Nebraska Nursery Dealer License is required by the Nebraska Plant Protection and Plant Pest Act of any person who does not grow nursery stock in Nebraska, but is involved in (1) acquisition and further distribution of nursery stock; (2) landscape installation of nursery stock for other persons, and/or (3) distribution of nursery stock with a mechanical digger (tree spade).

Initial applications must be received prior to the beginning of distribution. If not received prior to the beginning of distribution, initial applications shall be considered delinquent and shall have an additional delinquent fee assessed of 20% per month.

As a dealer, you shall acquire and distribute only nursery stock from a licensed grower or dealer approved by an authorizing agency within the state of origin, and recognized by this department. You shall supply and continually update a complete and accurate list of sources of nursery stock with our department.

This application shall be accompanied by a \$100 annual license fee for each location from which nursery stock is distributed. VISA, MasterCard, check, or money order accepted. All Nursery Dealer Licenses expire at the end of the calendar year. You must renew your license annually, as long as you continue to distribute nursery stock.

Business Name _____

Manager's Name _____

Business Address (*physical address of location to be licensed*) _____

City _____ State _____ Zip _____ County _____

Phone (work) _____ Phone (*home/cell*) _____ Fax Number _____
